

FLYING O RANCH PHONE TREE DIRECTIONS TO ALERT RESIDENTS OF EMERGENCY

Any ranch resident who observes a problem should call Hugh Bishop: 559-868-6424 or cell 559-760-1825. THIS IS AFTER YOU CALL 911

Hugh can start phone tree. If Hugh is not available, you can start phone tree by calling someone else on ranch. Call until you get at least one person to help or take over phone tree.

Use color coded parcel map.

Write info in each resident's square that you called: home not home, needs help, etc.

In an emergency:

1. CALL FULL-TIME RESIDENTS FIRST ON LAND LINE, THEN ON CELL
{Pink squares}
 - A. Tell them to turn on family radio to 9-11 and get out emergency packet.
 - B. Ask if they have any special needs. Example: husband had knee surgery and can't walk.
2. CALL PART TIME RESIDENTS ON LAND LINE, THEN CELL
