

Cattle Lease Extension

This document, when signed by both parties, extends the current cattle grazing lease between the Circle W Ranch of North Fork and The Flying O Ranch in O'Neals through December 2009. The reason for the extension is the CRCDC brushing/spraying program, which includes some parcels on the Flying O Ranch. The Flying O Ranch benefits from the program due to the grazing relationship with The Circle W. The Circle W Ranch was provided involvement in this program due to their application and acceptance into it. The Flying O was not an applicant.
